ANNUITY AND LIFE RE (HOLDINGS), LTD.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Organization and Description of Business

Annuity and Life Re (Holdings), Ltd. (“Holdings”) was incorporated on December 2, 1997 under the laws of Bermuda. Holdings provides annuity and life reinsurance to insurers and reinsurers through its wholly-owned subsidiary, Annuity and Life Reassurance, Ltd., which is licensed under the laws of Bermuda as a long term insurer. Holdings and Annuity and Life Reassurance, Ltd. are collectively referred to herein as the “Company.”

2. Basis of Presentation and Management’s Plans

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As a result of significant operating losses, the Company became unable to meet its monetary obligations under certain reinsurance treaties in 2002. Since that time, the Company has negotiated termination, recapture, and novation or coinsurance agreements for all reinsurance treaties with the applicable counterparties or independent third parties. As of December 31, 2006, there were no reinsurance agreements in force that generate operating revenue for the Company. The Company’s only source of revenue is investment income.

Due to the absence of ongoing insurance operations, the Company has significantly reduced its operations including terminating employees, reducing the size of the Board of Directors, and moving to smaller office space. Because of statutory requirements, the wind-down or dissolution of the Company is not imminent. The Company continues to explore strategic alternatives to attempt to maximize its economic value for stockholders. On February 29, 2008 the Company closed the sale of its U.S. domiciled insurance company. Shortly thereafter it dissolved its U.S. holding company and released the former CFO who also had headed up those operations.

In addition, the Company may consider cash distributions to stockholders, stock buybacks or similar transactions, to the extent its financial condition allows it to do so and it is not constrained by insurance regulatory or other laws.

3. Cash Distribution to Stockholders

The Company made a cash distribution (return of capital) of \$0.50 per common share on May 15, 2008. The total payout, \$12.267 million, has been reflected in these financial statements.

4. Contingencies

In February 2008, the Company resolved its disputes with Transamerica regarding the December 31, 2004 novation of several reinsurance contracts. These disputes had been the subject of arbitration proceedings. The Company agreed to pay a total of \$16.567 million to settle all liabilities related to the novations. Transamerica received \$3 million and \$2.5 million, respectively, in settlement of the F&G and Scottish Re matters. In addition, the Company paid approximately \$11.1 million to Scottish Re. The settlement agreement discharges the Company from any future liabilities from Transamerica and Scottish Re. The Company continues to be liable for any pre-novation issues related to the F&G contract.

The Company may also be subject to contingencies for amounts that may be due under previously terminated or recaptured reinsurance agreements relating to deaths that occurred prior to such terminations or recaptures. The Company has successfully executed complete releases on twenty-six such contracts and continues to attempt to

obtain releases on the remaining twelve. There can be no assurance that the Company's efforts will be successful.

The Company has continuing obligations under an employment agreement with its CEO, including obligations to make severance payments under certain circumstances. These amounts have not yet been reflected in the balance sheet.

There are no arbitrations or other legal proceedings currently in process in which the Company is involved.
